

ARTISTIC ENTERTAINMENT IN AGITÁGUEDA

PERFORMANCE ARCHITECTURE UNIDADE

The municipality of Águeda and Group Amop Synergies surpassed the crisis by inviting all Portuguese people to pedal together for the national industry, architecture and design at the event Performance Architecture UNIDADE which took place at Agitágueda from 19th to 21st July 2013.

This event illustrates the responsible synergies between the public sector, the society and the private sector, inserted into the commemoration of the 40th anniversary of Group Amop Synergies.

The grupoamop founded the first factory at April 14th 1973 in Águeda – Portugal, therefore celebrating 40 years in 2013.
